

New 4 Blade Propeller for PC6

Ground Flight Tests with 4 blade Propeller from MT Propeller completed.
EASA certified for PC-6/B1-H2, PC-6/B2-H2, PC-6/B2-H4.

- ⇒ Complies with German enhanced noise restrictions - "**Erhöhter Schallschutz**" (2000 rpm/2200 rpm).
- ⇒ **reduced vibration** – also other parts (gyros, radios, cowling) will last longer with reduced vibration.
- ⇒ **quieter** - significant inside and outside noise reductions
- ⇒ **shorter Take - off distance**
- ⇒ **easy Installation** – uses existing prop governor
- ⇒ **unlimited blade life** – when overhauled, are brought back to exact factory new dimensions and rebuilding of blade tips
- ⇒ **no corrosion** possible because of the natural composite construction
- ⇒ **choice of Colors** – white, black or grey or custom colours
- ⇒ **Price: 20.350.- € net incl. spinner**
